

GLENCAL TECHNOLOGY

THE BRAND SOLUTION

Glencal Technology was named 'Most Innovative Organic Waste Recycling Company' in India's Pride of Nation Award 2023, and Founder-President Masahito Nakaishi and Founder-Director Masumi Maeno attended the award ceremony held in New Delhi on 8 February. As the only Japanese company to receive the award, Nakaishi and Maeno had the honour of presenting the awards to the winners in their respective categories as the main guest. Nakasihi and Maeno each gave a speech about their passion for RedoxMaster® technology and what it can contribute to India and the world.
